Vehicle Inspection Report **Shannon's Auctions**

*For your information
Process for this report*

What is inspected:

This report is based on a visual inspection to the main areas of the vehicle only.
A road test is carried out on the vehicle if roadworthy.

Boxed codes are entered to give an indication on what repairs may be necessary and the level of repair required. It is also an indication of the vehicles overall condition.

We have not removed any part of the vehicle for this inspection.
The underside of vehicle is inspected on a vehicle hoist.
The road test, if conducted, is done within the immediate area of our workshop and done within the local speed limits.

What is not inspected on the vehicle:

Engine compressions
Engine cam/timing belts
Fluid levels and quality of fluid - unless stated elsewhere in this report
Source of oil leaks - unless stated elsewhere in this report
Audio system sound and reception quality

Disclaimer:

Cremorne Prestige Service Pty Ltd, it's Management, Inspectors and Staff will not be held liable or responsible for any claim whatsoever in relation to this report and/or to your decision to purchase the vehicle. This report is done on a visual basis only.

We would advise a second opinion on the vehicle if you feel it necessary.
